Utilities

UTILITIES	PROVISION
Electricity	SOC Land to provide roughing-ins and wirings inside the units, including wiring devices/ fixtures. Meralco to provide electrical power for 230 volts/60 hz; SOC Land to provide sub-meters for individual units with cost of the individual meter for the account of the unit owner. The condominium corporation shall bill the unit owners based on the individual meter and the installation fees.
Telephone/ Cable TV/ Internet Connection	SOC Land to provide roughing-ins and cablings from the building's entry area up to the utilities room located at the center core of every floor and connected to the individual condominium units. The provision allows 1 connection line per unit for telephone, internet and cable TV.
Water	SOC Land to provide the required pipe lining and cistern for the distribution and storage of potable water. Maynilad shall be the water distribution company, which shall connect to the mother water meter of the building; SOC Land to provide sub-meters for individual units with cost of the individual meter for the account of the unit owner. The condominium corporation shall bill the unit owners based on the individual meter and the installation charges.

Liens, Encumbrances and Restrictions

The Project shall be subject to or in compliance with the: (i) Master Deed with Declaration of Restrictions executed by SOC Land, and the rules and regulations of the condominium corporation; and (ii) Applicable provisions of the City Zoning Ordinance of the City of Muntinlupa, Presidential Decree No. 1096 (National Building Code), Presidential Decree No. 957 (Subdivision and Condominium Buyers Protective Decree), Republic Act No. 4726 (The Condominium Act of the Philippines), and other related laws, rules and regulations.
